

CITY OF SPRINGFIELD
INTER-OFFICE MEMORANDUM

ATTENTION OF _____ FILE _____

DATE _____ 1-19-84 _____

DEPARTMENT _____

Economy Transmission
Subject - Overflow from waste storage tank

On January 18, 1984, at 5:00 P.M. this office received a call from Terry Gentry of Fletcher-Reinhardt Service Co., 728 W. Olive, concerning a quantity of waste transmission fluid being discharged from Economy Transmission to the drainage ditch in the 700 block W. Olive.

I inspected the area and found that a truck apparently used to haul waste fluids was parked over Economy's waste fluid tank. The truck tank showed evidence of a rupture and frozen waste was present on the outside of the truck, on Economy's property, and in the drainage ditch.

I called Burt McCullough of DNR about the situation and he said he would investigate it and report to me his findings.
